III. Write a short essay on the following topic  
(no less than 150 words): 50%

How to take care of elderly people has become an important social issue recently. According to Chinese tradition, old people usually live with their grown children. However, more and more elderly parents stay in special nursing homes or live alone due to industrialization of our country. As a young man what do you think the best way is to take care of your elderly parents in the future? Argue your point with supporting examples.
